

## Client Testimonials

*"Lovely!...you are right about the gift of time...I think you are a gift...I'll suggest that people give me YOU as a present."*

- ELISSA  
Washington, DC

*"Earlier this month, I decided to become a Premier Member of Black Pearl. I don't consider myself to be super busy, but sometimes my time is worth more than the hassle. Black Pearl is always on call to help. So far in May, I have used them to book car service to and from the airport, finding a house cleaning service, and booking a massage last minute on a Friday morning. Black Pearl has both my corporate credit card and personal credit card on file so I never have to deal with having cash in my pocket to pay when I am already trying to get out the door to the next appointment".*

- MAYROSE  
Washington, DC

*"Success! Everything went perfectly. Thank you all so much for helping me with this special night."*

- JASON  
Arlington, VA  
(Scavenger Hunt Wedding Proposal)

*"It is a productivity tool...We recognized that our employees would benefit from the ability to get things done in an easy and efficient manner".*
